

## [5 Amazing products from the Scentsy Summer Collection.](#)

### **Did you know that there is a [Scentsy Summer Collection](#)?**

That's right, for a limited time we have a wonderful offering of Scentsy products for the Summer. In this post I will highlight 5 of my favorites. You can check out the whole [Scentsy Summer Collection HERE](#).

#### **1. [Summer Bath Bombs!!!](#)**

Ok, so technically, there are 3 new summer Scentsy Bath Bombs but I love them all so I'm only using one slot to highlight the bath bombs. [Beach Daisy](#) offers honeydew melon, wild daisies and green apple. Marine waters, mandarin and driftwood will have the sand tickling your toes with the [Life is Swell Bath Bomb](#). Finally [Pink Promenade](#) features Pink pomegranate, prosecco and wild raspberry. My favorite is Life is Swell. It gives me that spa type aroma. I also like beach daisy a lot. It is a wonderful blend of fruit and

flowers.

## **2. Beach Bungalow Scentsy Warmer!!!**

This little bungalow is so cute. When you turn it on, it lights up like somebody is home. It creates such a sun and summery atmosphere in your home. I love it. It has so many cute details like the palm trees, surf boards, front/back steps, cute windows and more. It is adorable!

## **3. Beach Daisy Laundry Bundle!!!**

I know I said that the Life is Swell Bath bomb is my favorite. However, for my laundry, I think I prefer the Beach Daisy Laundry Bundle. It smells so wonderful but not too strong. I love the floral/fruit blend. All Summer Laundry Bundles come with a 20 oz. Laundry liquid and two 16 oz. Washer Whiffs. Laundry bundles are also available in Life is Swell, Pink Promenade

and Neroli Blossom.

#### 4. [Ory the Orca Scentsy Buddy!!!](#)

She is soooo cute. All Scentsy Buddies include a zippered pouch that holds your favorite Scent Pak. For Ory I would recommend the By the Sea Scent Pak.

#### 5. [Beach Daisy Scentsy Bar!!!](#)

Ok well, I guess that Beach Daisy is my favorite Summer Scentsy fragrance over all. Scents are hard to appreciate when you read a description. You simply must try this one. The melon and apple smell really blends wonderfully

with the scent of daisies. I love it!

So there you have it! Those are my 5 picks from the [Scentsy Summer Collection](#). If you are interested, you better hurry. They are only here while supplies last. Don't worry though, we always have a huge selection of wonderful fragrances and other products.
