Ok, I know this may seem like a silly blog post idea but bear with me and let me explain. I want to give you some tips on how to get the best price on your Scentsy order. I get Scentsy orders on my website all the time and usually people don't use the Bundles to get the best value.

How to order Scentsy online.

First of all, feel free to browse around all the amazing Scentsy products.

Make sure you check out the "SPECIALS" menu in the top right. The specials frequently change and there are always good deals going on. Check out the [CLEARANCE](#) section (in the "SPECIALS" MENU). You will find discontinued products at discounted prices.

[Order Scentsy – Best Value.](#)

Also under the “SPECIALS” menu you will find [ORDER SCENTSY – BEST VALUE](#). This is where you’ll find the best Scentsy Bundles. These bundles are for Scentsy Bars, Scent Paks, Scent Circles, Room Sprays, Car Bars & Travel Tins. These can all be purchased in 6 packs (best value), 3 Packs (save \$1) or individually. When you buy a 6 pack of any of these products you are essentially getting 6 for the price of 5. For example Scentsy Bars are \$6 each when purchased individually. $6 \times 6 = 36$. However, when you buy a 6 pack of Scentsy Bars you pay \$30.

There are other [Bundles](#) but the above listed products all have the 6 pack option. We also have laundry bundles, and Bundles that contain Warmers & Wax. These are also a great value.

Don't do this.

Now let me tell you how not to order Scentsy online.

Don't order from Amazon, Ebay or anywhere other than from a Scentsy Consultant. I have checked Amazon and Ebay and the price (with shipping) is always higher. Sometimes it's significantly higher. Scentsy does charge shipping. However, if you call me, I can order it for you and get free shipping if the order is over \$200. I know that is a lot but you could go in with some friends. Sorry, I got off topic.

If you order from other sources you may get old wax and I can tell you that it can go bad after a few years. If you order from me or another Scentsy Consultant you will only get wax and other Scentsy products fresh from the factory.

Another tangent please. I mentioned getting free shipping. You can also enroll in [Scentsy Club](#). It is a subscription service. You can get it monthly, every other month or every 3rd month. You can use the bundles mentioned above and you can get free shipping with as little as \$60. So you could get a \$60 delivery every 3rd month (or more if needed) and you would get the Scentsy consumable products of your choice delivered for free.

Hopefully that helped. There are so many great Scentsy products and bundles. Like I said, please call me if you have questions or need assistance.
